Georgia Black Constructors Association

Advocating, Building and Educating To Grow Community & Black Business

Dear Sponsor: Each year the Georgia Black Constructors Association (GBCA) receives numbers request for assistance after a storm, tornado or fire damages to their property throughout the year either from homeowners or friends and family of homeowners. This year with the Pandemic has caused a few more than usual.

Because we service statewide, we unfortunately, cannot assist everyone. However, for this year, the Board has chosen to assist a Ms. Valerie, a grandmother in Griffin, who lives in a modular home (trailer), with her two grandchildren. From observation, the home needed repair before the different storms. The storms just escalated the need. We are basically rebuilding the entire structure – three bedrooms and two- and one-half baths. Floors are caving in, bathrooms not working, etc. GBCA is providing the labor through members discounting and volunteers; however, we are reaching out to all members, partners, friends and corporate associates for financial and material donations. Your contribution will go a long way in aiding us in this cause. Please give generously.

GRANDMA'S PROJECT

Collage of work to be done and work in progress with Contractor and Volunteers.

Dangerous back porch, leaking roof in every room, kitchen floor caving in, plumbing repair for bathrooms, no real closets, etc., - Near total house renovation required.
